

YOU CAN JUDGE
A COMPANY
BY THE HEALTH
PLAN IT KEEPS

The best way to drive health plan costs down and member health up is with Marpai SMART health plan services. Marpai uses the most advanced AI to predict health events to prevent costly claims, lower reinsurance premiums and elevate care quality. We know healthier members mean a healthier bottom line.

The AI-Powered TPA Alternative

Marpai is a technology company making company health care, healthier. Using the most advanced AI, Marpai powers SMART health plans that are customized for each employer. Beyond delivering world class TPA services, Marpai offers exclusive tech-enabled features designed to reduce costly claims, lower reinsurance premiums and improve quality care. It's what every member needs, the health care system demands and your bottom line deserves.

Marpai's Exclusive Tech-Enabled Services

MARPAI CARES

Our signature "predict and prevent" feature helps avert costly claims. Proprietary deep learning algorithms predict potential near-term health events and activate early intervention by URAC accredited clinicians. Members are guided on the best care journey which avoids unnecessary and excessive costs while insuring quality care.

TOPCARE PROVIDERS

Marpai eliminates guesswork and cost excesses by connecting members to top quality in-network providers that don't charge excessive fees, including specialists ranked in the top 10% for quality, safety and patient satisfaction.

FILLING GAPS IN CARE

Members stay on track with annual exams, screenings and vaccinations due to timely, personalized emails and texts that encourage appointments.

PREMIUM HEALTH PARTNERS

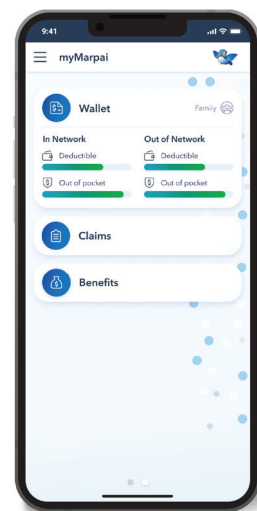

This ecosystem of best-in-class innovative health companies delivers next generation care options including telehealth, non-surgical alternatives in orthopedics and genetic testing.

EMPOWERING MEMBER ENGAGEMENT

We use tech tools and exciting content to inspire members to use their benefits and remain proactive. The new myMarpai SMART app and portal make health care easy. The SMART Health Insights newsletter, member emails and texts and direct mail to the home improve health plan literacy and empower action.

Marpai's Best in Class TPA Services

Using data-driven insights, we develop custom solutions tailored to the unique needs of every employer. No TPA delivers greater value for the company health plan dollar than Marpai.

Top Provider Networks: Marpai is one of 10 TPAs with access to the Aetna network. We also provide access to Cigna, Everpointe Elite, PHCS, Medcost and others.

Cost Containment: From bundles to specialty RBP solutions (dual option, hybrid, full replacement, out-of-network) that can save an average of \$2500 PEPPY or more, we provide proven, innovative cost containment strategies.

SMART Claims Processing: Beyond rigorous bill review, our SMART technology is developing to use AI to eliminate fraud, waste, abuse and uncover new cost savings.

Pharmacy Benefits Management: We offer 4 cost effective solutions that help everyone save. We return all PBM rebates to our clients with full transparency.

Compliance: Never fall behind legislation with an industry leading team that helps you cost effectively stay compliant.

Clinical Bill Review: A clinician reviews care requests during pre-certification to prevent overpriced, low quality and in appropriate care.

Plan Design: Using data-driven insights and decades of experience, we help design the right plan for your unique needs.

Population Health: We work with innovative partners and use leading edge tools e.g. predictive risk scoring, along with clinical insights and deep analytics to identify, control and manage member health risks.

Deep Analytics and Insights: Our SMART system generates comprehensive data analyses that can uncover opportunities for better cost savings, plan design and utilization.

Account Management: Consultative partners bring performance metrics, deep expertise, new ideas and tech tools that make it easy to see what's working and how to improve ROI.
