

Marpai Launches Newsletter for Members

In January, Marpai launched its first member newsletter called SMART Health Insights which provides health tips to members. [The January issue](#) covered winter asthma, new year's resolutions, the benefits of naps and how technology can help mental health. The SMART Health Insights newsletter is part of Marpai's effort to engage members and help them be more proactive with their health. If you would like to subscribe to our newsletter, sign up [here](#).

Marpai Opens Corporate Headquarters in NYC and Refreshes Tampa Office

In February, Marpai opened its corporate office at 401 Park Avenue South, New York, NY. The office is being used as a work space by members of the executive team, finance and marketing, and as a destination for key meetings. In addition, Marpai's operational center in Tampa has a fresh, new look including the installation of new technology, branded graphics and contemporary furnishings for a clean, healthy, modern work environment.

Marpai Launches 2022 Marketing

After a busy year of innovations and accomplishments, the Marpai marketing team has launched a new marketing effort to convey Marpai's expanding services. This work includes updates to the [member portal](#), [main website](#), [broker website](#), [investor relations website](#) and new sales materials. In addition, there is an advertising campaign running in the *Self-Insurer* magazine (published by SIIA, 10,000 readers). See the Marpai ads in the [January](#) and [February](#) issues. Social media has also ramped up to increase search performance, social engagement and followers, and the press team has increased media outreach to put Marpai in the [news](#). For more information contact [Christina DiBona](#), Marketing Director.

Marpai Adds Top Talent

Marpai continues to build its leadership team with the addition of Tina Goodman, David Joza and Carrie Tomlin. [Tina Goodman](#) joins as Marpai's new Senior Account Manager and brings over 25 years of healthcare and account management experience. [David Joza](#) brings extensive employee benefits expertise and will be taking on a leadership role as the new Vice President of Sales, Southwest Region. [Carrie Tomlin](#) is a seasoned HR professional with over 20 years of experience. She joins the Marpai team as the Director of Human Resources.

[About Marpai, Inc.](#)

Marpai, Inc. (Nasdaq: MRAI) is a technology company bringing AI-powered health plan services to organizations providing health benefits to employees. Primarily competing within the \$22B TPA (Third Party Administrator) sector serving self-funded health plans, representing over \$1T in annual health care claims, Marpai's SMART services focus on reducing claims costs, lowering reinsurance premiums, and elevating care quality for plan members. Marpai's proprietary deep learning algorithms predict potential near-term health events related to chronic illness and major procedures to help prevent costly claims and support the best outcomes. Operating nationwide, Marpai serves over 60,000 members, offers access to provider networks including Aetna and Cigna, and partners with brokers and consultants. For more information, visit www.marpaihealth.com.
